One Hundred Employes of Company Expected on the Ground Within Short Time.

Action was started this morning on the ground of the Charleroi Water company at the southern end of the borough, on the erection of the Charleroi filtration plant. A quartet of employes of the Pihl and Miller company arrived this morning, and the ground was laid out for the filtration plant. The plant will be 100 by 300 feet, and it is expected that it will take about three months to complete its construction.

A number of teams are needed immediately by the contractors. As soon as the ground can be made ready 100 men will be brought into work on the excavating and construction of the plant. The company will later, it is stated, install the duplicate pump in the pump staton, and make such other changes as agreed upon with the borough. A representative of the Pihl and Miller company stated this afternoon that all due haste would be made in the work, and that active construction work would be begun within a brief time.

ROYAL ARCANUM MAKES HEADWAY IN CHARLEROI

Charleroi Council No. 1240, Royal Arcanum, is certainly doing good work in Charleroi. At the regular semi-monthly meeting last night in P. H. C. Hall a large class was taken into the order, making the second class initiation within year. Up until last fall Monongahela Council boasted of having a larger membership than Charleroi: but the boys got busy and a class of over 40 was taken in and Charleroi took the lead, and is now he largest council in the valley above McKeesport, and one of the ten leadding councils in the counties of Allegheny and Washington.

A number of visiting members were present to witness the initiation, including Grand Regent John Gates, Jr., and Special Deputy Grand Regent Chas Kirk of Pittsburg, the former making a stirring address after the innitiation, which was worth going miles to hear. The council meets every second and fourth Monday evenings in P. H. C. Hall and all members are cordially invited to attend.

LUTHERANS WIN FIRST GAME, A 10 TO 2 VICTORY

The Lutherans started it in the first inning, when they began to find Kearnes. Through two solid bingles, and three errors they scored three runs. On errors they scored three more in the second, and in the fourth on a two bagger by Wertz, a single by Mason, an infield error, and a wild heave were responsible for two more. In the last the Lutherans scored twice on three hits and two stolen bases.

The Baptists got their two in the fifth and sixth, the first one on A. Crabb's two baser, an error, and Mason's single. A single, a sacrifice, an error, a stolen base, and a long outfield fly brought in the other. The score:

At a meeting yesterday evening at the Walfred Hotel, Charleroi, of Capt. Landefeld of the Mononaghela Cadets, Capt. Newcomer of the Monessen Cadets, with two lieutenants each, and Capt. R. D. Jolliffe of the Charleroi Boys Brigade with Lieutenants Russel Blythe and Bannister Roberts, it was arranged to hold the next competitive drill between the companies at Monongahela July 8. The silver loving cup won on May 6 at the drill here by Monongahela will be on contest. The drill will be confined to the first 90 pages of the manual.

Captains Jolliffe and Newcomer were appointed a committee to secure competent judges, who are to be active military men, either of the N. G. P. or of the U. S. A. to be selected from within a radius of 100 miles.

The drill will be held some time during the afternoon of the date set, this matter to be optional with the judges who will be chosen later. Work will be started in drill work immediately by the various companies. Tonight is the regular meeting time for the Charleroi Brigade, and the place set for drill is "The Pines." The Charleroi Brigade will go to Fayette City on Memorial day, while the Monongahela and Monessen Cadets will both participate in the exercises to be held at Monongahela on that day.

Taft's Policies.

In an interview published in the current number of McClure's magazine, President Taft expressed himself clearly on the tariff question. He was in favor of free hides, free iron ore, free coal, free petrolum. The new tariff bill was not altogether to his liking, but he signed it, he says, because it was the best that could be enacted with so many conflicting interests.

This bill reduces the duty on iron ore 75 per cent; on coal 33 1-8 per cent; on lumber 37 1-2 per cent; on all class of iron and steel manufacturers very greatly; and makes large reductions in the duties on the necessities of life To offset this it makes large raises on the luxuries. The Democrats of the South united with the Republicans of the Northern lumbering States and prevented free lumber. The wool growers of the West prevented marked reductions in wool, and the textile manufacturers and labor organizations of the East united against large reductions in the cotton schedules. Both Democrats and Republicans from their respective districts acted together to protect their interests, irrespective of party affiliations. President Taft tried to get more reductions than he did, but was prevented by Democratic action as well as Repbulican. The Democrats do not advocate free trade, and a new administration cannot get anything more.

Up-To-Date Monessen.

Through the action of the local Board of Trade, Monessen will have receptacles at the principal street corners for waste paper and other refuse that is usually thrown on the streets. The purchase of these receptacles has been ordered, and they will be placed as soon as they arrive. By this action Monessen will not only save money in the matter of street cleaning, but the appearance of the town will more than justify the cost.

Not long ago a story went the rounds of the newspapers of the arrest of a foreigner in New York whom the police detected stuffing a banana peel into a mail box. At the station through an interpreter, the foreigner explained that in his country it was an offense to throw a banana peel on the street to trap the unwary, and that mail boxes were provided to protect the public. Seeing no other receptacle in the mail box, he supposed it was a new fangled garbage receptacle, and thrust the bannana peel into it. He was instructed that in this land of the free, he was at liberty to endanger life and limb at will, and to hereafter throw his banana peels on the streets. This is what Monessen is going to abridge, and in doing so shows commendable civic progress.

A Change of Base.

From "Good Roads" to "Local Option," and from local option to "conservation of the country's resources," is the latest switch of the Washington Observer as an issue in its policy of opposition to the Republican policies and the administraion. In an open letter addressed to "Republican candidates and voters," John L. Stewart, the editor, makes formal annoucement of the new attitude. "Local option," he says, "is not an issue, except as it has to do with the right of the people to govern themselves." Then he dwells upon and promulgates his new platform of opposition, which is, as stated, conservation of the country's resources and opposition to the "interests," which are supposed to be the trusts, corporations and other big industrial concerns.

This attitude of the Observer is not surprising. Good roads was first adopted as a county issue in an effort to bolster up the waning Acheson regime, of which the Observer was the organ. As an economic problem good roads was all right, but as a political issue it fell flat. Then local option was taken up, and with it Mr. Acheson met his Waterloo. Now, the Observer has switched to the generalities of the times, hoping to build up an opposition to the Republican party that will at least bring discomfiture to those who have taken the lead in the march of progress. In this it will fail as in all the other issues, for the Republican party is the party of progress, and adapts itself to changing conditions. "The people will come into theirs," as the Observer so grandioquently asserts, but it will be through the Republican party, that is alive to the spirit of the times.

FOR ASSEMBLY

Republican Chairman

C. Wesley Yarnall

DR. C. WESLEY YARNALL of California, has formally announced himself as a candidate for the Assembly on the Republican ticket at the Spring primaries, and from now on proposes to make an aggressive campaign in favor of his candidacy.

Dr. C. Wesley Yarnall is the son of Rev. J. V. Yarnall, deceased, of the Pittsburg M. E. Conference. He was born in Claysville, Pa., in 1860. His early education was obtained in the public schools of the county and the Normal School of California. Later he mined coal and taught school, which enabled him to take a three-year elective course at Allegheny College, Crawford county, Pa., in preparation for medicine. Finding himself in no financial condition to enter a medical college at that time, he entered the Railway Mail Service between Pittsburg and New York for six years, earned enough to enter Jefferson College, Philadelphia, Pa., gradnating in the class of 1889. He then engaged in the practice of medicine in Roscoe and Beallsville, Pa., until 1899, when he took a post graduate course at the Post Graduate College, of New York City, and in the fall of the same year he resumed practice in California, where he is at present located. The doctor is one of the oldest members of the I. O. O. F. of this district and belongs to several other fraternal organizations. Lately he has been active in organizing the F. O. E. and L. O. O. M. lodges. He has been an active Republican during his political life, and he says that he supported nine out of every ten of the successful candidates for office during the past twenty-five years. A return of this favor will be very much appreciated. The doctor also intends to make an active canvass and asks the help and support of all his friends and also promises in return to work for the best interests of Washington county. His platform is brief, progressive policies, approved by the Republican organization, beneficial to the greatest number of people in the county and State.

If nominated and elected, I am in favor of personal registration, and better election laws.

I am in favor of the New School Code when perfected, and the highest Educational Standard for our Public School System.

I am in favor of the principle of Home Rule, and am against any measure on any subject that does not come clean, shows equity, and maintains justice to all parties concerned.

I am against graft and opposed to bossism in any shape it may appear, and in favor of clean political activity on the part of our leaders.

I am in favor of every honest dollar in our land, and in favor of every honest effort of labor in all classes, to better her condition, and to receive the just increase for her toil that is coming to her.

I am in favor of a Road Law that will set aside a part of each year's road tax and compel the use of the same for permanent Road Improvements according to fixed plans and specifications.

I am a Roosevelt Republican, and it was my duty as well as a privilege, to become acquainted with him while he was at the head of the Civil Service Commission in the 80's.

I believe the principles and policies he has given us as applied to Borough, Township, County and State government, will better our condition, and I am an enthusiastic supporter of the progressive policies for which he stands—a square deal to all, and that the rights of the people shall be observed.

Yours truly,
C. WESLEY YARNALL,

ROYAL ARCANUM MAKES HEADWAY IN CHARLEROI

Charleroi Council No. 1240, Royal Arcanum, is certainly doing good work in Charleroi. At the regular semi-monthly meeting last night in P. H. C. Hall a large class was taken into the order, making the second class initiation within year. Up until last fall Monongahela Council boasted of having a larger membership than Charleroi, but the boys got busy and a class of over 40 was taken in and Charleroi took the lead, and is now he largest council in the valley above McKeesport, and one of the ten leadding councils in the counties of Allegheny and Washington.

A number of visiting members were present to witness the initiation, including Grand Regent John Gates, Jr., and Special Deputy Grand Regent Chas Kirk of Pittsburg, the former making a stirring address after the initiation, which was worth going miles to hear. The council meets every second and fourth Monday evenings in P. H. C. Hall and all members are cordially invited to attend.

LUTHERANS WIN FIRST GAME, A 10 TO 2 VICTORY

The Lutherans last night captured their first in the Church League, running clear away with the game from the Baptists. The Baptists couldn't seem to do anything properly and the Lutherans were on their mettle, and as a result the score 10 to 2 when the dust cleared from the horizon.

The Lutherans started it in the first inning, when they began to find Kearnes. Through two solid bingles, and three errors they scored three runs. On errors they scored three more in the second, and in the fourth on a two bagger by Wertz, a single by Mason, an infield error, and a wild heave were responsible for two more. In the last the Lutherans scored twice on three hits and two stolen bases.

The Baptists got their two in the fifth and sixth, the first one on A. Crabb's two baser, an error, and Mason's single. A single, a sacrifice, an error, a stolen base, and a long outfield fly brought in the other. The score:

Silver Loving Cup Won May 6 by Monongahela Will Be Contested For.

At a meeting yesterday evening at the Walfred Hotel, Charleroi, of Capt. Landefeld of the Mononaghela Cadets, Capt. Newcomer of the Monessen Cadets, with two lieutenants each, and Capt. R. D. Jolliffe of the Charleroi Boys Brigade with Lieutenants Russel Blythe and Bannister Roberts, it was arranged to hold the next competitive drill between the companies at Monongahela July 8. The silver loving cup won on May 6 at the drill here by Monongahela will be on contest. The drill will be confined to the first 90 pages of the manual.

Captains Jolliffe and Newcomer were appointed a committee to secure competent judges, who are to be active military men, either of the N. G. P. or of the U. S. A. to be selected from within a radius of 100 miles.

The drill will be held some time during the afternoon of the date set, this matter to be optional with the judges who will be chosen later. The regulations governing the drill will probably be more strict this time than they were at the last one, held here the first part of May. Work will be started in drill work immediately by the various companies. Tonight is the regular meeting time for the Charleroi Brigade, and the place set for drill is "The Pines." The Charleroi Brigade will go to Fayette City on Memorial day, while the Monongahela and Monessen Cadets will both participate in the exercises to be held at Monongahela on that day.

Taft's Policies.

In an interview published in the current number of McClure's magazine, President Taft expressed himself clearly on the tariff question. He was in favor of free hides, free iron ore, free coal, free petrolum. The new tariff bill was not altogether to his liking, but he signed it, he says, because it was the best that could be enacted with so many conflicting interests.

This bill reduces the duty on iron ore 75 per cent; on coal 33 1-3 per cent; on lumber 37 1-2 per cent; on all class of iron and steel manufacturers very greatly; and makes large reductions in the duties on the necessities of life To offset this it makes large raises on the luxuries. The Democrats of the South united with the Republicans of the Northern lumbering States and prevented free lumber. The wool growers of the West prevented marked reductions in wool, and the textile manufacturers and labor organizations of the East united against large reductions in the cotton schedules. Both Democrats and Republicans from their respective districts acted together to protect their interests, irrespective of party affiliations. President Taft tried to get more reductions than he did, but was prevented by Democratic action as well as Repbulican. The Democrats do not advocate free trade, and a new administration cannot get anything more.

Up-To-Date Monessen.

Through the action of the local Board of Trade, Monessen will have receptacles at the principal street corners for waste paper and other refuse that is usually thrown on the streets. The purchase of these receptacles has been ordered, and they will be placed as soon as they arrive. By this action Monessen will not only save money in the matter of street cleaning, but the appearance of the town will more than justify the cost.

Not long ago a story went the rounds of the newspapers of the arrest of a foreigner in New York whom the police detected stuffing a banana peel into a mail box. At the station through an interpreter, the foreigner explained that in his country it was an offense to throw a banana peel on the street to trap the unwary, and that boxes were provided to protect the public. Seeing no other receptacle but the mail box, he supposed it was some new fangled garbage receptacle, and thrust the bannana peel into it. He was instructed that in this land of the free, he was at liberty to endanger life and limb at will, and to hereafter throw his banana peels on the streets. This is what Monessen is going to abridge, and in doing so shows commendable civic progress.

A Change of Base.

From "Good Roads" to "Local Option," and from local option to, "conservation of the county's resources," is the latest switch of the Washington Observer as an issue in its policy of opposition to the Republican policies and the administraion. In an open letter addressed to "Republican candidates and voters," John L. Stewart, the editor, makes formal annoucement of the new attitude. "Local option," he says, "is not an issue, except as it has to do with the right of the people to govern themselves." Then he dwells upon and promulgates his new platform of opposition, which is, as stated, conservation of the country's resources and opposition to the "interests," which are supposed to be the trusts, corporations and other big industrial concerns.

This attitude of the Observer is not surprising. Good roads was first adopted as a county issue in an effort to bolster up the waning Acheson regime, of which the Observer was the organ. As an economic problem good roads was all right, but as a political issue it fell flat. Then local option was taken up, and with it Mr. Acheson met his Waterloo. Now, the Observer has switched to the generalities of the times, hoping to build up an opposition to the Republican party that will at least bring discomfiture to those who have taken the lead in the march of progress. In this it will fail as in all the other issues, for the Republican party is the party of progress, and adapts itself to changing conditions. "The people will come into theirs," as the Observer so grandioquently asserts, but it will be through the Republican party, that is alive to the spirit of the times.

FOR ASSEMBLY

Republican Chairman

C. Wesley Yarnall

DR. C. WESLEY YARNALL, of California, has formally announced himself as a candidate for the Assembly on the Republican ticket at the Spring primaries, and from now on proposes to make an aggressive campaign in favor of his candidacy.

Dr. C. Wesley Yarnall is the son of Rev. J. V. Yarnall, deceased, of the Pittsburg M. E. Conference. He was born in Claysville, Pa., in 1860. His early education was obtained in the public schools of the county and the Normal School of California. Later he mined coal and taught school, which enabled him to take a three-year elective course at Allegheny College, Crawford county, Pa., in preparation for medicine. Finding himself in no financial condition to enter a medical college at that time, he entered the Railway Mail Service between Pittsburg and New York for six years, earned enough to enter Jefferson College, Philadelphia, Pa., graduating in the class of 1889. He then engaged in the practice of medicine in Roscoe and Beallsville, Pa., until 1899, when he took a post graduate course at the Post Graduate College, of New York City, and in the fall of the same year he resumed practice in California, where he is at present located. The doctor is one of the old-est members of the I. O. O. F. of this district and belongs to several other fraternal organizations. Lately he has been active in organizing the F. O. E. and L. O. O. M. lodges. He has been an active Republican during his political life, and he says that he supported nine out of every ten of the successful candidates for office during the past twenty-five years. A return of this favor will be very much appreciated. The doctor also intends to make an active canvass and asks the help and support of all his friends and also promises in return to work for the best interests of Washington county. His platform is brief, progressive policies, approved by the Republican organization, beneficial to the greatest number of people in the county and State.

If nominated and elected, I am in favor of personal registration, and better election laws.

I am in favor of the New School Code when perfected, and the highest Educational Standard for our Public School System.

I am in favor of the principle of Home Rule, and am against any measure on any subject that does not come clean, shows equity, and maintains justice to all parties concerned.

I am against graft and opposed to bossism in any shape it may appear, and in favor of clean political activity on the part of our leaders.

I am in favor of every honest dollar in our land, and in favor of every honest effort of labor in all classes, to better her condition, and to receive the just increase for her toil that is coming to her.

I am in favor of a Road Law that will set aside a part of each year's road tax and compel the use of the same for permanent Road Improvements according to fixed plans and specifications

I am a Roosevelt Republican, and it was my duty as well as a privilege, to become acquainted with him while he was at the head of the Civil Service Commission in the 80's.

I believe the principles and policies he has given us as applied to Borough, Township, County and State government, will better our condition, and I am an enthusiastic supporter of the progressive principles for which he stands—a square deal to all, and that the rights of the people shall be observed.

Yours truly,
C. WESLEY YARNALL,
